Computer Science at University of Colorado (but I don't know that I'll ever finish it now!). I've worked in computer software since college, and currently I work with network security systems. We've lived in Colorado Springs since

1981, and we enjoy boating and traveling in our RV. My personal favorite hobbies are restoring old cars and rooting for Air Force Academy sports teams and the Denver Broncos. Got back to LHS a few years ago and it's sadly a much more cluttered space than it used to be (the dayroom is no more!).

*REMEMBERING: Dorm life, especially playing pool in the dayroom and attending the dayroom discos. What a great time with all the gang in Dorm 4 and Dorm 5! Being one of only 2 rooms of Juniors on a Senior floor in Dorm 5 had definite advantages. Oh, yeah, and the senior trip to Mallorca (what I remember of it!).*

The funniest theme I kept hearing over and over throughout the entire weekend, coming from all of us who remembered each other as teenagers: "I can't read this, I don't have my glasses with me".
